Categories Sex has different definitions in different cultures and historical periods, and is affected by political and religious norms. Sexual activity can be a conscious and enjoyable part of personal relationships, and the purpose of sexual activity can be for love and pleasure, or in reproduction. Some forms of sex act are illegal or taboo in many countries. In the UK, for example, vaginal intercourse is lawful only when the couple is married, and other sexual acts and sexual touching are unlawful. Sex toys are commonly used in the bedroom to increase stimulation or provide sexual release. The first known text to use the term sex was an Indian text dating from BC years BC that defined it as a term describing the sexual act. A sexual act can be classified into various types or kinds, such as sexual intercourse, masturbation, oral sex, anal sex, and bestiality. The field of sexuality covers the range of concepts that are related to human sexual behavior, attitudes, practices, identity, and gender. Human sexuality, in the broadest sense, is a cultural construct and as such it is related to sexual orientation, gender, age, class, race, ethnic, national origin, religion, ability, physical appearance, and many other factors. Sexual behavior is the aspect of human sexuality that involves the expression of sexual desire. Sexual behavior includes courtship, copulation, and sexual activity. Sexual fantasies are the thoughts that one has about sex or sex partners. There 82157476af
